Dear Sir or Madam,

My name is Yoselyn Licea, and I am currently a 10th grade sophomore. I am writing this letter to introduce myself and share my interest in pursuing a career working with animals, especially as a veterinarian. I have always cared deeply about animals and enjoy helping them whenever I can.

Some experiences that have strengthened my interest in becoming a veterinarian include helping dogs that were in need of water, shelter, and care. I have also helped a choking dog and volunteered at an animal shelter, where I learned the importance of patience, responsibility, and compassion when caring for animals. These experiences have helped me develop skills that I believe will support me in a future veterinary career.

I am a hardworking and caring person who is willing to learn new skills and gain more experience helping animals. My goal is to continue growing my knowledge so I can make a positive difference in the lives of animals and the people who care for them.

Thank you for taking the time to read my letter. I appreciate your consideration and look forward to future opportunities where I can

continue learning and developing my skills.

Sincerely,

Yoselyn Licea
